

## **IMAGE FILES for COMPETITION –**

- 1) must be digital in a JPEG file format.
- 2) The size of the image file must be 1920 pixels on the longest edge in order to project well
- 3) Borders are not recommended as they tend to detract from the image.
- 4) Use an RGB Colour Space (preferably sRGB) not Greyscale.
- 5) Adjust the quality/compression to produce a final file size up to 1000kb. ( Tip try to get as close to that as you can)
- 6) Images to be uploaded on the club website [www.gemcameraclub.com.au/uploads](http://www.gemcameraclub.com.au/uploads) the upload deadline is midnight of the Sunday night prior to the competition.
- 7) If you have any difficulty with this contact the competition director ric@gemcameraclub.com.au or call 9291 0479. for help

## **IMPORTANT Naming files**

Please name the file with your name first then the competition section then the Month and Picture number (1, 2 or 3)  
Eg for my second entry in the set subject my image name would be.....

Ric McDonald Set March 2
